MDPE PIPES

Medium Density Polyethylene Pipes

Certification : ISO 4427:2019

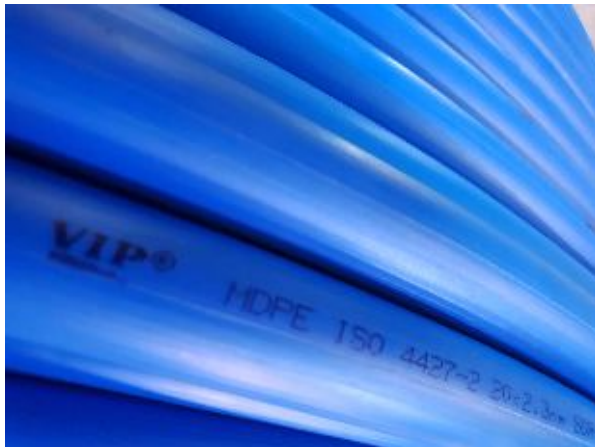

Venkatesh Indigenous Pipes Pvt. Ltd. has been incorporated with a motto to manufacture excellent quality PVC Rigid Pipes, PVC Casing Pipes, HPP Pipes, MDPE Pipes, HDPE Coil Pipes, Sprinkler Systems, Flexible Corrugated Pipes and HDPE Plumb Pipes, with unique skill, continual technological upgradation, professional management, testing and persistent dedication.

Company's comprehensive quality program is based on continual improvement in products, process and system designed to meet customer's need and satisfaction. Company believes in innovating new features to offer excellent product to its customers and to meet this we have dedicated team of Engineers, Operators and skilled labour.

Company is enjoying technological advantage with latest equipped on-site testing laboratory at its state-of-the-art manufacturing plant at Industrial area Mandideep Distt. Raisen.

Company has an entire range of PVC Rigid Pipes, PVC Casing Pipes, PVC S.W.R. Pipes, uPVC Plumb Pipes, M D P E Pipes, H D P E Pipes, HDPE Sprinkler Pipes, Flexible Corrugated Pipes and PVC Conduit Pipes confirming to IS and ISO specifications catering to every conceivable application.

MDPE PIPES

Medium Density Polyethylene Pipes

MDPE (Medium Density Polyethylene Pipes) Pipes are used for Transportation of Gas as well as for Water all over the world due to its best technical and operational characteristics. This kind of polyethylene has a density of between 0.926-0.940. It is weather proof and has long service life due to its higher Stress Cracking Resistance and is less notch sensitive as compared to HDPE.

We manufacture MDPE Pipes for Gas as well for Drinking Water Supply using virgin Raw material and state of the art machines. Our MDPE Pipes are in accordance with International standards. To maintain the international standards we follow strict quality control methods and are very selective about our suppliers. Pipes, offered by us are very much cherished by our clients for their quality and elevated durability.

Raw Material Grade: Available in PE 80/ PE 100 grade

Colors: Blue, Yellow, Orange, Black with Blue Strips

FEATURES

- Absorbs thermal and mechanical stress.
- High Slow Crack Growth Resistance
- High Chemical Reaction Resistance
- High Tensile strength
- Excellent pressure resistance.
- Less Notch Sensitive

APPLICATIONS

- Suitable for Drinking Water
- Gas Application in Industries
- Residential Colonies
- Housing Societies
- Jal Boards
- Corporations

Size : 20mm OD TO 400mm OD

Quality Policy

"We Strive for Strict Quality Control, Timely and Consistent Services, Constant Improvisation and above all, Customer Satisfaction."

"We believe that quality Consists of timely supply and meeting customers requirement. We believe in doing things right from the very first attempt. "

ISO 9001:2008

Our range of products :

- HDPE Pipe "Remove self lubricated"
- HDPE Sprinkler Irrigation Systems
- PVC Rigid Pipes
- PVC Casing Pipes
- PVC Conduit Pipes
- Corrugated Pipes
- uPVC Plumb Pipes
